August 21, 2017

Mr. Kocher,

This letter is in regards to North American Pipeline, LLC (NAP). Union Paving and Construction Co. Inc. (UPC) had subcontracted NAP in 2016. They provided us with pipe cleaning and grouting services and pre and post videos of multiple sized reinforced concrete pipes. The pipe sizes they had worked with on this job ranged from 18" to 48" within Route 35 in Ocean County, NJ. They completed the work timely with a competent work force. I would recommend them for further pipe cleaning and grouting work. Please feel free to contact me directly if there are any questions.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Kyle Burdi', is written over a light blue horizontal line.
